

Our skilled teams solve industrial challenges with custom solutions—from design through installation. We use our 40 years of experience and the best products from our trusted partners to increase production, enhance safety, and foster innovation.

40 YEARS OF INDUSTRIAL SOLUTIONS EXPERTISE

DUST COLLECTION SYSTEMS

We work with manufacturers in the Mid-Atlantic region to service, integrate, and install all makes and models of industrial dust collectors.

AFTERMARKET SUPPORT

We stock a wide range of filters and components for dust collection systems. Our team supports you with responsive communication, filter selection, and equipment expertise.

SERVICE & INSPECTIONS

DenTech Industrial is a factory-authorized service center for Donaldson Torit and qualified to work on all makes and models of dust collection equipment. Our experienced technicians are equipped to handle system troubleshooting, equipment breakdowns, filter changes, system inspections, and emergency needs
