# DENTECH INDUSTRIAL

35+ YEARS since 1985

We're a full-service automation systems integrator. Our highly talented team will partner with you to understand your unique needs. We will provide the best innovative solutions to achieve your automation goals.

AUTOMATION & ROBOTICS SYSTEMS INTEGRATION

CAPABILITIES

- Turnkey automation solutions
- Robotic integration
- Collaborative robot integration
- Flexible sorting and feeding technologies
- Machine vision and inspection
- Process control
- Material handling
- Robotic case packing and palletizing
- Vision-guided robotic assembly
- Intermittent and continuous motion
- Rotary dial and in-line assembly systems
- Industrial automation
- Machine retrofits
- Control system upgrades

PROGRAMMING LANGUAGES AND AREAS OF EXPERTISE:

We are well-versed in the following languages but not limited to only these:

- **Rockwell** – RS Logix 500, RS Logix 5000, FT View Studio, Connected Workbench
- **Siemens** – TIA Portal, HMI, Drives
- **ABB** – Rapid Robot Code, Pickmaster Vision
- **FANUC** – Robot Code, Karel, IR Vision
- **Cognex** – InSight, Dataman, Vision Pro, Checker
- **Keyance** – IX Navigator, XG-X Vision
- **Sick** – Programmable Safety Relays
- **Pilz** – Programmable Safety Relays
- **Inductive Automation** – Ignition

ABB   COGNEX   Ignition by Inductive automation   KEYENCE

PILZ THE SPIRIT OF SAFETY   RA Rockwell Automation   SICK Sensor Intelligence.   SIEMENS

FANUC AUTHORIZED SYSTEM INTEGRATOR   ABB YuMi® Certified
